PRACOVNÝ ZOŠIT PRE DETI PREDŠKOLSKÉHO VEKU

MAĽOVANÉ PÍSMENKÁ

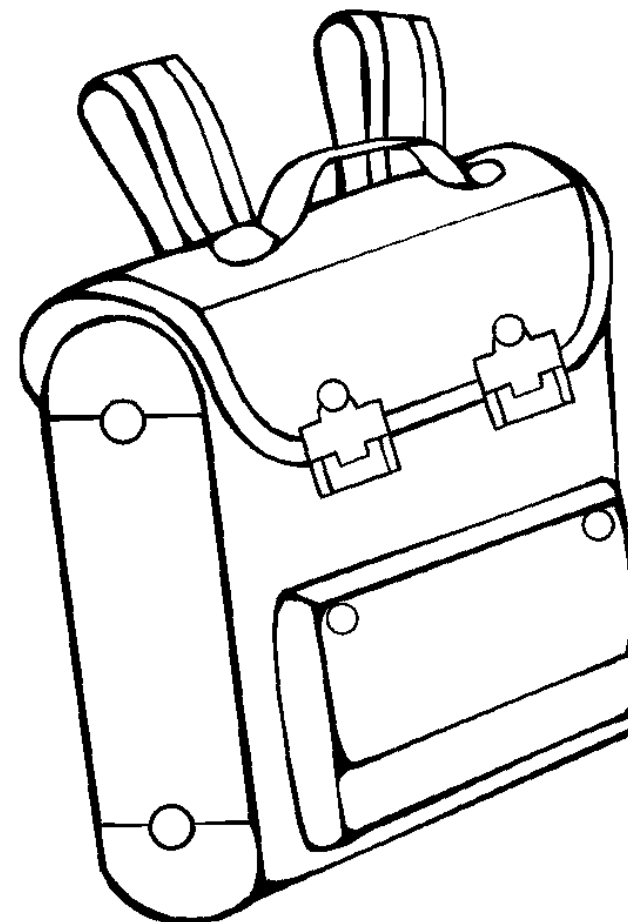

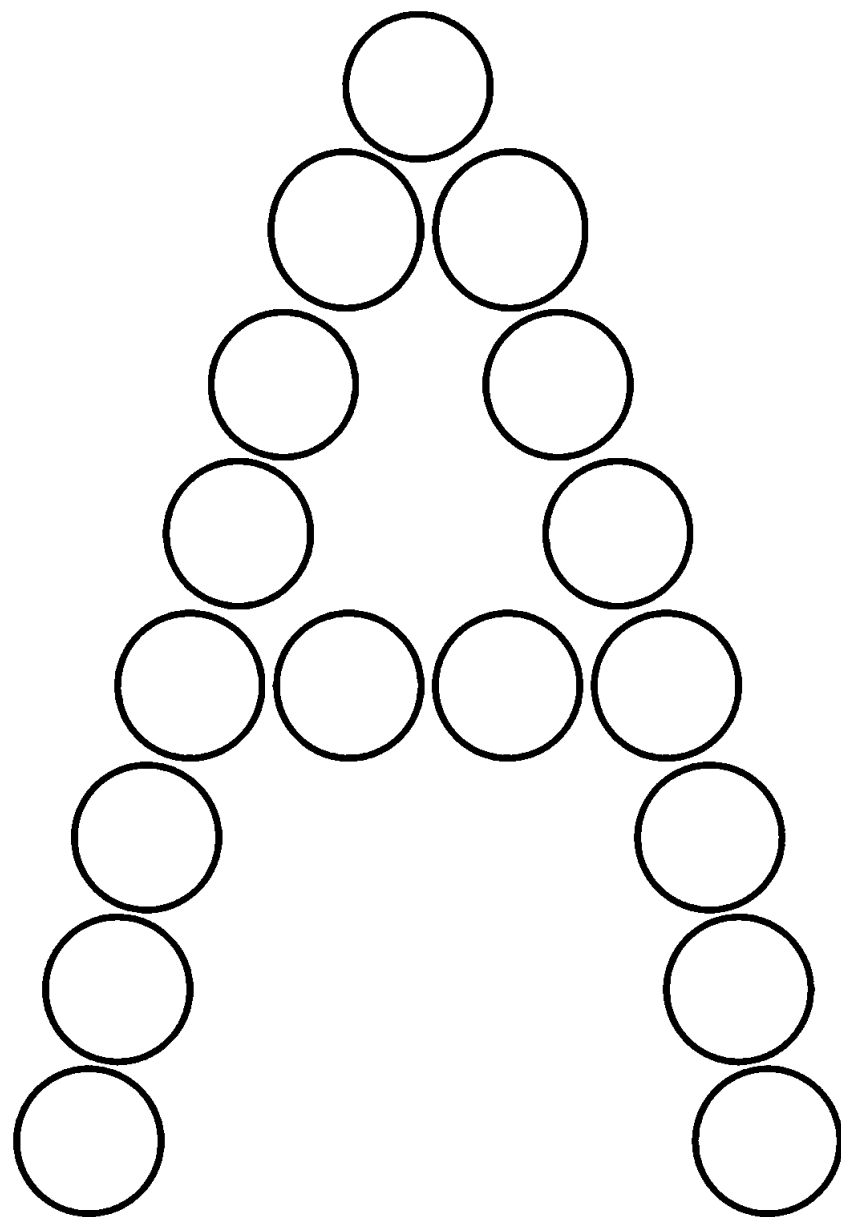

Čo nájdeš v pracovnom zošite?

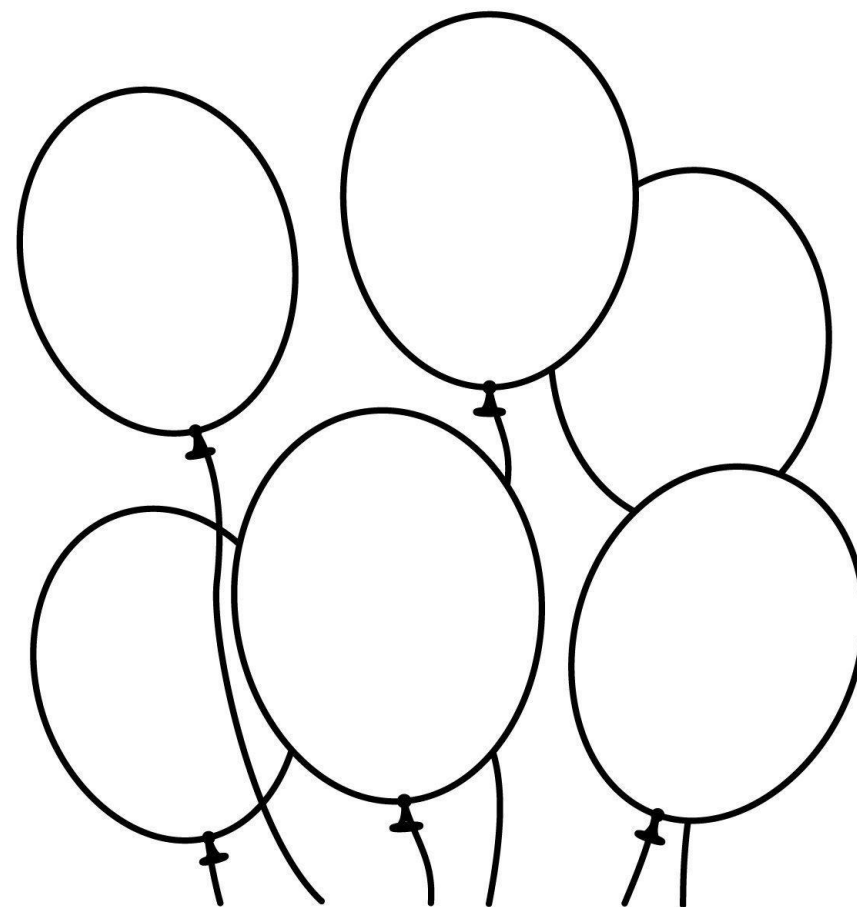

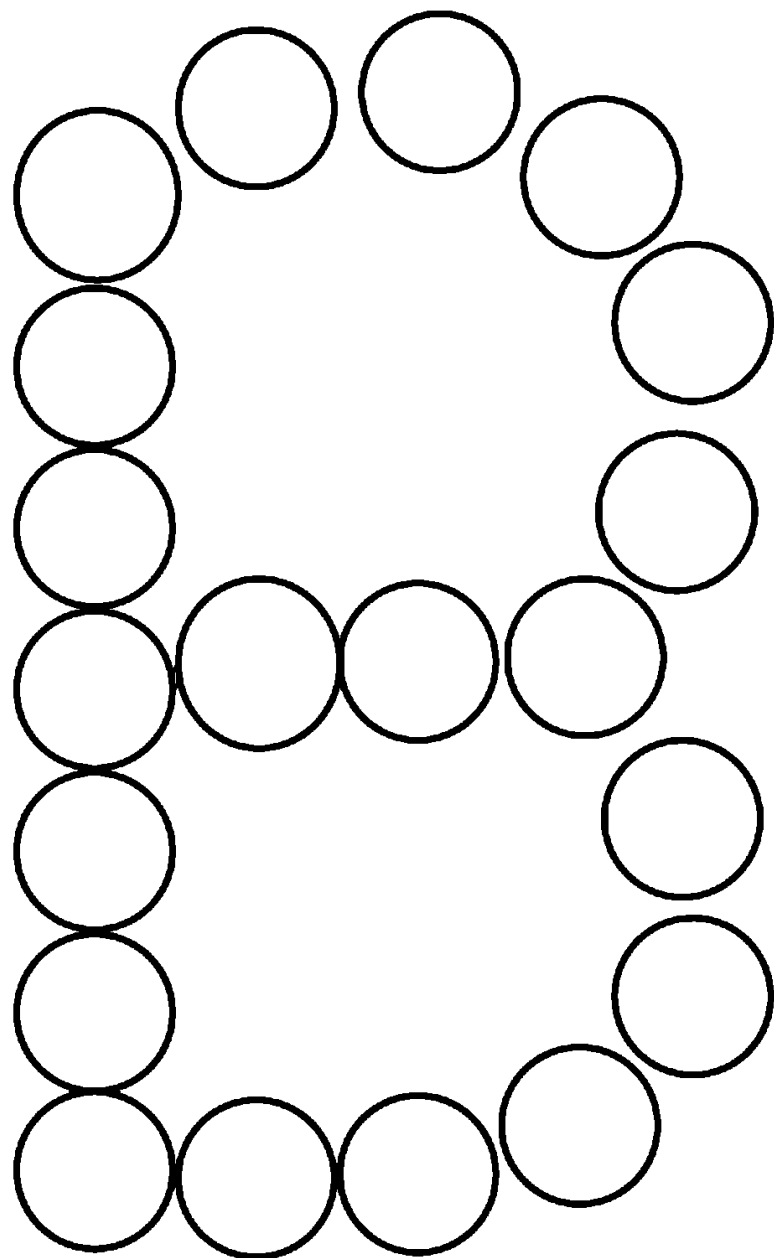

Všetky strany sú rozdelené na tri časti:

1. Na ľavej strane sa nachádza veľké tlačené písmeno našej abecedy. Písmeno je znázornené pomocou koliesok. S písmenom sa môžeš pohrať:
 - vymodeluj malé guľôčky z modelovacej hmoty a poukladaj ich do všetkých koliesok,
 - nájdi malé predmety (napr. kvietky z filcu, koráliky, kamienky a pod.) a poukladaj ich do všetkých koliesok,
 - farbičkami vyfarbi každé koliesko, vyber si farby, ktoré sa Ti páčia,
 - fixkami do každého kolieska nakresli malého slimáčika,
 - vezmi farby s penovou hlavicou a otláčaj ich do každého kolieska.
 - ozdobenie veľkého tlačného písmena si môžeš vymyslieť aj podľa vlastného uváženia.
2. Vpravo je pripravená omaľovánka. Tú si vyfarbi, ako sa Ti páči.
3. Nakoniec sa oboznámiš, ako sa slovo, ktoré je v omaľovánke, píše veľkými tlačnými písmenami.
4. Ak budeš usilovný a vyfarbiš všetky písmenká, urob si svoju prvú písmenkovú knižku. Popros dospelého, nech Ti všetky strany spolu zviaže.

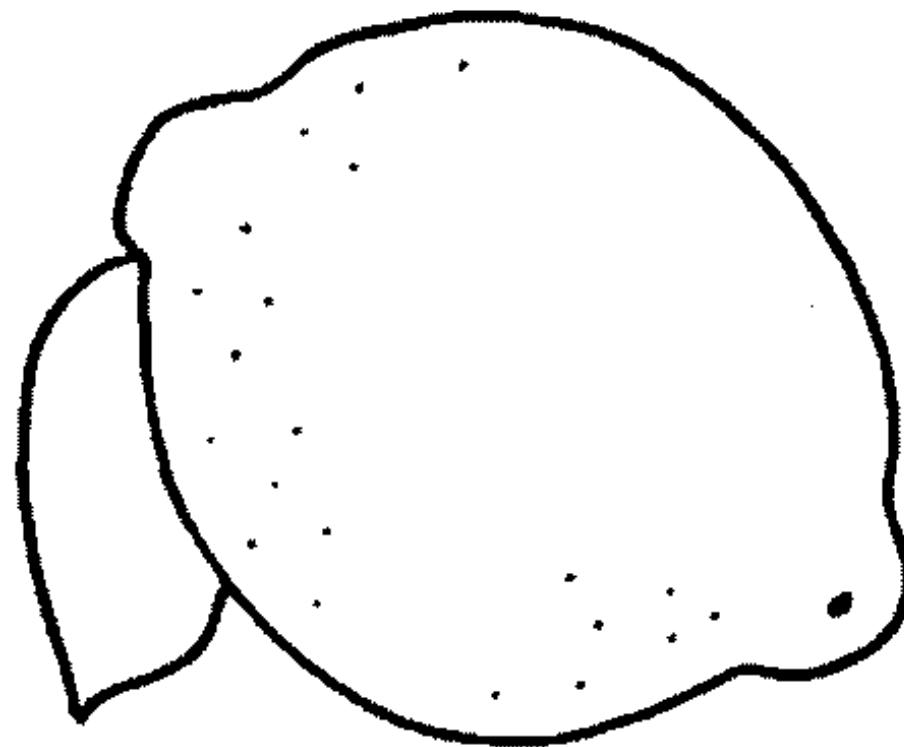

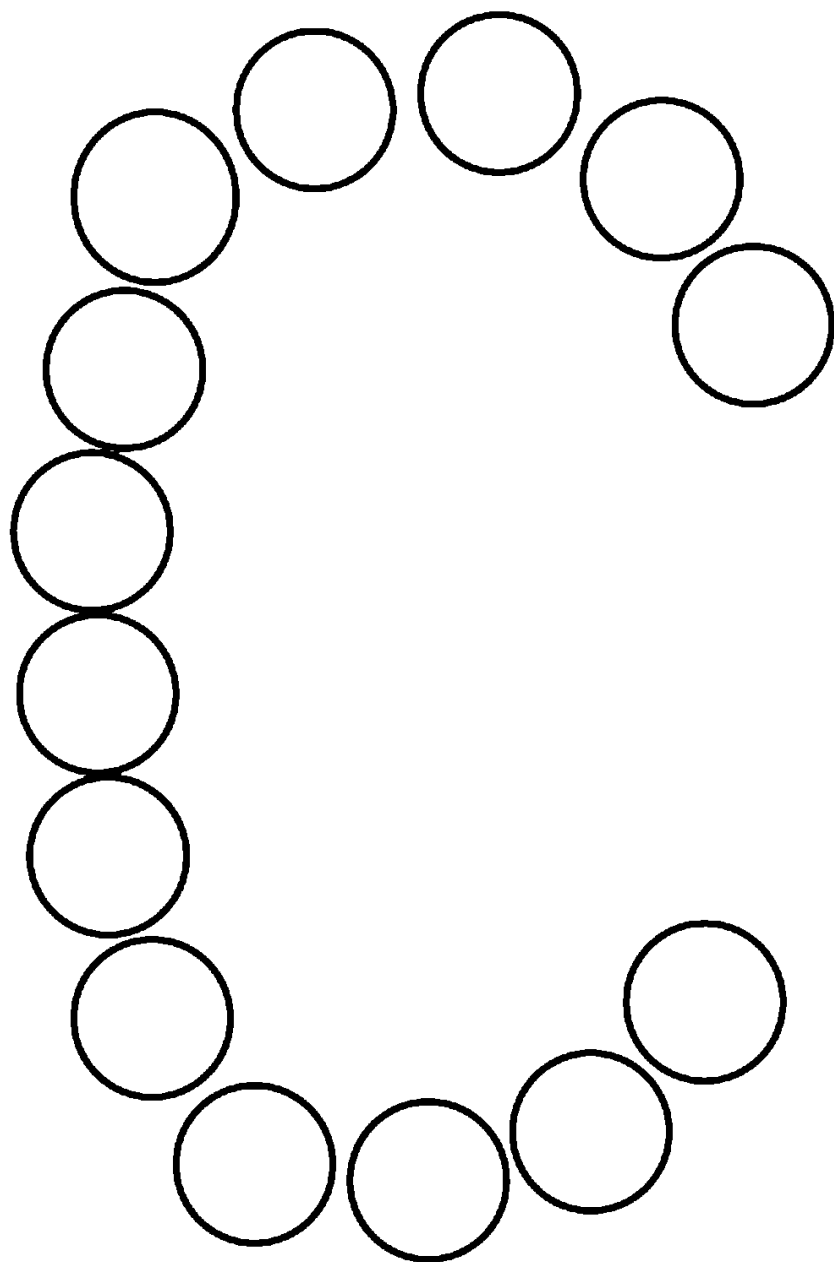

Prajeme Ti veľa zábavy pri hre s písmenami.
